

CHAN-HO, IM

Team Leader, DX Innovation Department

@hala2517@gmail.com +82-10-4621-4710 Eumseong-gun, Chungcheongbuk-do, Republic of Korea

EXPERIENCE

Team Leader, DX Innovation Dept.

Cosmecca Korea Co., Ltd.

Jun 2016 – Present Eumseong-gun, Chungcheongbuk-do

- Overseeing company-wide DX & AX initiatives, on-site improvement activities (TPS), and cost reduction efforts.
- Leading 7 Task Force Teams (TFT) across departments to drive manufacturing innovation and digital transformation.
- Achieved a 30% increase in productivity and a 20% reduction in customer complaints.
- Realized 8 billion KRW in cost savings for fiscal year 2025.

PROJECTS

Video AI-based Packaging Process Productivity Analysis

Cosmecca Korea Co., Ltd.

Mar 2026 – Jun 2026

- Deployed AI-powered CCTV systems to automatically identify bottleneck processes for each worker on the packaging line.
- Analyzed overall production line productivity using computer vision and data analytics.
- Outcomes fed directly into process improvement initiatives to enhance throughput and reduce waste.

GOVERNMENT-SUPPORTED PROJECTS

- 2026** Manufacturing Robot Revitalization Project
Expanding collaborative robot deployment across production lines to enhance automation rates.
- 2025** Manufacturing AI Specialization Project
Implementing AI-driven quality inspection and predictive maintenance systems plant-wide.
- 2024** Digital Twin & Safety Enhancement Project
Building real-time digital twin models of factory operations integrated with worker safety monitoring.
- 2023** Manufacturing Robot Plus Project
Introducing robotic process automation to reduce manual labor in repetitive assembly tasks.
- 2022** K-Smart Lighthouse Factory
Recognized as a national model smart factory; showcased best practices in intelligent manufacturing.
- 2021** Smart Factory Advancement Project
Upgraded MES and data integration infrastructure for real-time production monitoring.
- 2020** Smart Factory Foundation Project
Established core smart factory architecture including IoT sensors and data collection systems.

All projects supported by the Ministry of SMEs and Startups (MSS), Republic of Korea.

MY LIFE PHILOSOPHY

“Continuous improvement is not a destination, but a way of thinking and living.”

MOST PROUD OF

Presidential Prize
Awarded the Presidential Prize at the Manufacturing Innovation Awards for improving productivity through Smart Factory establishment.

8B KRW Cost Savings
Realized 8 billion KRW in cost savings through DX and process innovation initiatives in FY2025.

30% Productivity Gain
Achieved a 30% productivity increase and 20% reduction in customer complaints across manufacturing operations.

STRENGTHS

- Smart Factory Planning
- AI/DX Transformation
- Process Optimization
- Team Leadership
- Technical Networking
- Manufacturing Innovation
